

PARKING FOR MISSION FITNESS

There will be times where it looks like there's not much parking available in the front of the building, but all parking in the area is deemed public parking with a few exceptions such as the town hall building and Short's Funeral Home, but those areas can be used if it's after hours for town hall and if there's nothing else going on at Short's Funeral Home.

Everything circled in RED is potential parking including along the street down Grove Street and the other side of the railroad tracks.
